

BullWill: Exclusive Distributor of Kyoei Seisakusyo Premium Rollers

Since 1955, Kyoei Seisakusyo has focused on producing high-quality rollers. With advanced technology, the company is a leader in the industry, producing over 2.5 million large high precision bearing rollers each month.

As Kyoei Seisakusyo official distributor, BullWill is dedicated to bringing their innovative products to a global market. We offer top-quality rollers and customized services, demonstrating Japanese craftsmanship and precision. Our goal is to meet the highest standards of quality and become a trusted long-term partner for our clients.

Precision Rollers — Made in Japan

Bearing Roller

✔ Product Details

	Spherical Rollers	Cylindrical Roller	Tapered Roller	Customiz (Spherical Rollers)
Size	ø20~ø60	ø20~ø100	ø20~ø35	ø20~ø39
Capacity	Unit 2KK	Unit 1KK	Unit 200K	Unit 200K (Customizable with drawings)
Process	Cold Forging / Turning		Turning	Cold Forging / Turning
Precision	Outer diameter tolerance: ±0.05mm Diameter roundness: 0.05mm ~ 0.06mm Radius roundness: 0.03mm Surface roughness(S): 15mm ~ 25mm			Outer diameter tolerance: ±0.080mm Diameter roundness: 0.003mm Radius roundness: 0.001mm End face roughness Ra: 0.15µm ~ 0.5µm Surface roughness Ra: 0.08µm ~ 0.15µm
Material	Made from high-strength, wear-resistant steel: SUJ-2, SUJ-3, Carburized.			

*Sizes beyond the range require discussion.
*Customization is limited to Spherical Rollers.

✔ Features

- Employing cold forging processes.
- Offering oversized rollers.
- Ultra-high precision machining rollers.
